

Another Island And Another Woman

Another
Island and another
Woman and my sailboat
Sailing and the breeze is
Blowing
I need some time
To get you off of my mind
Cause the sun is shining
And the water's fine

I speared a grouper
And I dove some conch
Come night I mashed de roach
In a honky-tonk
That old red rooster
He was really jumping
Gals dem wine-ing
My pressure rising

Another
Island and another...

I met a woman
Down in Matthew Town
She smiled at me and
Turned me upside down
Then she laughed and
Turned my left to right
Smiled again and
Filled my dreams that night

Yeah yeah, nana nana

Well I sailed on into
Spanish Wells
Sat in the Snack Bar
With the cookin smells
Saw a blue eyed beauty
Lookin at me
I asked her name
She said no not till three

Another
Island and another...

Cruised into Andros when the
Crabs was crawling
This dark and lovely gal
Was really hauling
She looked so good she caused
My heart to stop
Gave me some strong back
Not a soda pop

Another
Island and another...

Went down to Salt Pond at
Regatta time
This Cartwright gal she had a
Shape for wine
I take a sip and my poor
Head start swinging
I dive right in and start
Her bell to ringing

nana
Another Island
Another Woman
Give me something to smoke
With this rum and coke
