

I Don't Mind (drew Roberts)

I don't mind and I don't care
Cause you took me to the water
And you burned my underwear

Then you took me to the mountain
And you took me to the stream
And you did a little dance
And you made a young man dream
Yes you made a young man dream oh yeah

No I don't mind what you got here for me
But baby you're the only one I see
